Glenda is the Fantanas mechanic. Just why would the Fantanas need a mechanic? In their heroic role as missionaries of fun, the Fantanas put many nautical miles on their wave riders. Glenda keeps these mighty machines finely tuned, so when the evils of misery encroach upon the bliss of beautiful Fantana Island, the Fantanas can rush out to battle this unrelenting scourge of sadness! Though Glenda realizes rehearsals are important, she'd rather try to jam a Hemi into a wave rider than learn new steps or rhymes with the rest of the girls. That's Glenda...
